Designs That Inspire, Spaces That Speak

What You Received

Thank you for purchasing digital artwork from Wall Culture Studio. This is a digital product. No physical item will be shipped. After purchase, you will receive high-resolution digital file(s) that you can print at home, through a local print shop, or through an online printing service.

Before Printing

- Check the product description for the exact file format and size.
- Use the highest-resolution file included in your download.
- Do not screenshot the preview image; use the purchased download file.
- Keep a backup copy of your digital file for future personal prints.

Square Artwork Sizes

Most Wall Culture Studio digital artworks are designed in a square format unless the product page says otherwise. For square artwork, these sizes usually work well:

8 x 8 in

10 x 10 in

12 x 12 in

16 x 16 in

20 x 20 in

For best results, keep the full artwork visible and avoid cropping unless your frame or print service requires it.

Where You Can Print

- Local print shop
- Staples
- Walmart Photo
- London Drugs
- Costco Photo service, where available
- Online photo printing service
- Professional art printing service

Recommended Paper

- Matte photo paper
- Satin photo paper
- Fine art paper
- Premium poster paper

Premium Finish Tips

- Avoid thin regular office paper if you want a premium framed look.
- Choose matte or satin if you want less glare under glass.
- Ask your print shop for rich blacks and clean contrast.
- If the artwork is black and gold, a simple black frame usually looks best.

Frame Recommendation

Use a frame that matches the print size and keeps the artwork centered. A clean frame helps the design feel more premium and intentional.

Printing Tips

- Choose "fit to page" or "fit entire image" when printing.
- Use high-quality print settings.
- Ask your print shop to keep the full composition visible.
- Print one test copy first if you are unsure about paper or size.

Personal Use License

You may:

- Print the artwork for your own home.
- Print it as a gift for family or friends.
- Frame it for personal display.

You may not:

- Resell the digital files.
- Upload the files for resale.
- Share the files publicly.
- Use the files for commercial products.
- Edit or redistribute the artwork as your own.

Important Note

Colors may look slightly different on screen compared to the final print. This depends on your screen brightness, printer, paper type, and printing service.
